

The deposition of Eliz: Hubbard aged about 57 years who testifieth  
 and saith that I have been along time afflicted by a woman that  
 told me her name was Cassier and that she came from Andover  
 but on the 31: may 1692 martha Cassier did most grievously torture me  
 during the time of her Examination for if she did but look upon me  
 she would strike me down or almost choak me and also I saw martha  
 Cassier most grievously torment mary walcott mesy lewes Abigail  
 Williams and ann putnam junr with such dreadful tortor as no tongue  
 can expres: that had not the Hon: majestrats Comanded her to be left  
 bound I beleve she would have quickly killed some of us: and I verily  
 beleve in my heart that martha Cassier is a most dreadful witch  
 for severall times sence martha Cassier ~~has been~~ <sup>has been</sup> in prison she hath  
 com to me and most grievously tortured me by pinching pricking and  
 almost choaking me to death: which I beleve she could not doe if
