The deposition of Mary Walcott who testifieth and saith that I was
for a considerable time afflicted by a woman which took me this
name was Redd: and that she came from Marblehead but on the
35: May 1692 being the day of the examination of Wilmoth Redd:
then I saw that she was the very same woman that took me this
name was Redd: and she did most dreadfully afflict and torment
me during the time of his examination for if she did but look
upon me she would strike me down or almost choak me: also on
the day of his examination I saw Wilmoth Redd: or his appearance
most grievously afflict and torment Mary Lewis Eliz: Hill and
~~Elizabeth~~ and Ann Putnam and I believe in my heart that Wilmoth
Redd: is a witch and that she has often afflicted and tormented me &
the other persons by acts of witchcraft. Jurat in Curia
